

Turn your guest Wi-Fi into your best employee.

Fill tables, collect 5-star reviews, and reach Interlaken's tourists — automatically.

GDPR-compliant · Installed in 30 minutes · Zero effort for you

FILL EMPTY TABLES

Text messages to guests who already ate at your place — and to opted-in tourists in town this week. Rainy-Tuesday deals, quiet-afternoon offers, come-back coupons. 9 of 10 SMS are read within minutes.

5-STAR REVIEWS

Heidifi asks every guest privately: "How was it?" Happy guests get one-tap Google buttons. Unhappy guests reach YOU first — you fix it while they're still in town. Compliant with Google's rules.

THE HEIDIFI NETWORK

Guests of Heidifi-connected Airbnbs & hotels see your restaurant recommended on arrival. Our commitment: once the Interlaken network is built, 500+ opted-in tourists see your restaurant every month.

HOW IT WORKS

1 Guest connects

Your Wi-Fi shows a branded page with your logo. Guests leave name & contact, and opt in.

2 Heidifi remembers

Tourist or local, first-timer or regular — Heidifi knows, and treats each one differently.

3 Heidifi works

Offers, review requests and come-back messages — written, timed and sent automatically.

YOUR WEEKLY REPORT — EXAMPLE

"This week Heidifi sent 214 messages. 31 guests came back — about CHF 1,350 in revenue. The free-dessert offer beat the 10% discount, so it stays. Next week: filling your quiet Tuesday afternoons."

PRICING

GROWTH

CHF 199 / month

- Branded Wi-Fi page, digital menu & offers
- Automated review collection
- SMS & auto-offers (rainy-day, come-back)
- Ad retargeting pixel
